

The professional midsize rock crusher

PTH Crusher CR15

The PTH Crusher CR15 is the perfect machine for use in stony path construction, forestry and particularly demanding soils. Teh real all-rounder for mounting on medium-sized tractors!

Thanks to its particularly solid construction, the device is able to work in hard rock with working depths of up to 230 mm with little wear. High efficiency and low operating costs!

70 - 140 HP
1.500 mm

Standard features

- + Carbide-tipped tools
- + Inner armouring 6 mm HARDOX, interchangeable
- + PTH Pipe rotor system
- + Transmission with integrated freewheel
- + 1. crushing stage hydraulically adjustable
- + 3 point linkage KAT 2
- + hydraulic tailgate
- + RS Version - rotor down 60 mm
- + Drive shaft

Technical details

	CR15
Number of tools - pcs.	42
Power requirement min. HP	70 - 140
PTO drive rpm	540 / 750 / 1.000
Drive double sided	a 6 high-performance V-belts
Dead weight approx.	1.100 kg
Rotor width	1.540 mm
Working width	1.800 mm
Overall width	1.942 mm
Working depth approx.	230 mm
Crushing stage	hydraulically adjustable 5 - 50 mm

Special equipment

- o Increased skid shoes
- o hydraulically adjustable support roller
- o LED lightening
- o Forestry frame
- o hydraulically adjustable levelling blade

optional
LED lighting

optional other
attachments e.g.
Dozer blade

hydraulic
trap door
